WORKBOOK SERIES 24:

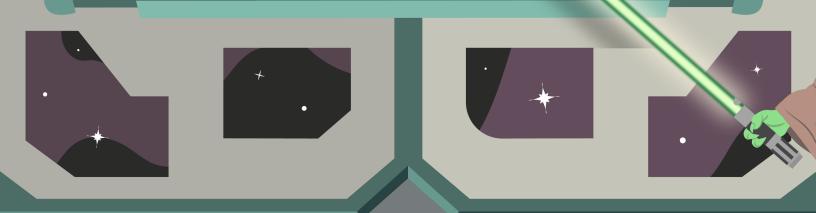

- 1. Teach You We Will
  - 2. Investing
  - 3. Savings
    - 4. Taxes

It can seem daunting to enter into adulthood without understanding personal finance, how to manage and grow your money, or even do your taxes. But don't worry, you're not alone! Let us walk you through some key areas to help you get your finances in check as you blast off into adulthood.

# Teach You We Will

- 1. How do you get a job?
- 2. What financial designation should you get?
- 3. What are some renters' secrets?
- 4. What are the best ways to network?
- 5. How much do you need to buy a house?
- 6. How to pay for your education?

# Discover the top insider secrets to ace your next job interview and land your dream job effortlessly. RENTAL MUST KNOWS Count your lucky stars if you don't have a bad landlord story -- but in case that changes -- check out what you're allowed to push back on if you feel your landlord may be stepping over a line.

### **MORTGAGE DOWN PAYMENT** ERLEULRIBR

Find out how much your down payment would be for the price of the home you're trying to purchase.

Might as well try to grow it instead of letting it sit in your low-yield savings account. Check out various strategies and smart investment options to make your money work for you.

# Investino

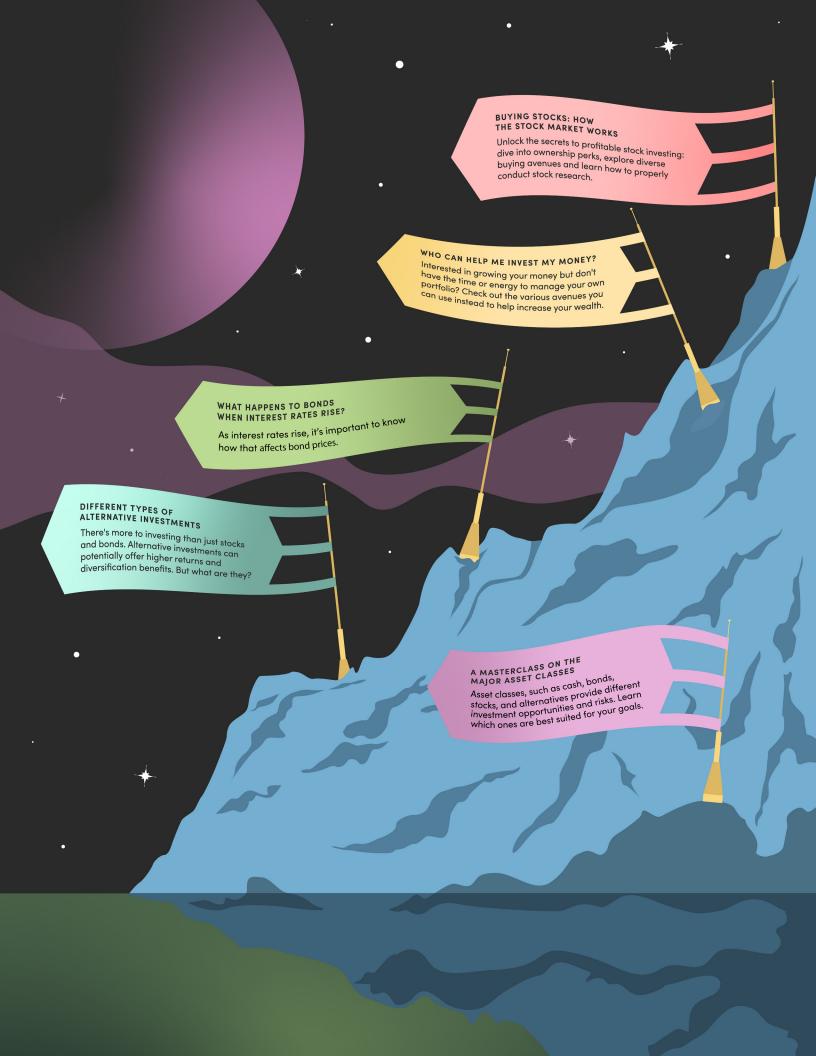

Cash & Equivalents, including T-Bills & Commercial Paper

Money Market Investments
